ORDER NO.

2021-384

THIS DIRECTIVE SHALL SERVE AS THE COMMISSION'S ORDER ON THIS ISSUE.

Order Granting Motion for Commission to Review the Sufficiency of DESC's Application

SUBJECT:

DOCKET NO. 2021-88-E - Dominion Energy South Carolina, Incorporated's 2021 Avoided Cost Proceeding Pursuant to S.C. Code Ann. Section 58-41-20(A) - Staff Presents for Commission Consideration South Carolina Department of Consumer Affairs' Motion for Commission to Review the Sufficiency of Dominion Energy South Carolina, Incorporated's Application.

COMMISSION ACTION:

I move that the Commission grant the Motion of the South Carolina Department of Consumer Affairs ("Consumer Affairs") to review the sufficiency of Dominion Energy South Carolina, Inc.'s Application in this Avoided Cost Proceeding.

Consumer Affairs points out that Dominion's Application does not confirm to S.C. Code Ann. Reg. 103-823 and is therefore deficient. Consumer Affairs urges that this Commission use its authority under 103-823(A)(4) to require Dominion to submit by June 1, 2021, its proposals for its standard offer, avoided costs methodologies, form contract power purchase agreements, commitment to sell forms, and all other appropriate terms and conditions for which it seeks approval to prevent further prejudice to the parties and the Commission in this Docket.

After reviewing the Application, it only includes one proposal for the Commission to consider. That one proposal is a PR-Avoided Cost Methodology tariff. Dominion Energy proposes to approve continuation of the present Tariff which was approved by the Commission in Order No. 2019-847.

With regard to the matter such as its standard offer, avoided costs methodologies, form contract power purchase agreements, commitment to sell forms, and all other appropriate terms and conditions, Dominion's Application proposed to develop and submit for review and approval its proposals only as part of its Direct Testimony.

Consumer Affairs proposal is supported by the South Carolina Coastal Conservation League, Southern Alliance for Clean Energy, and Carolinas Clean Energy Business Association.

Regulation 103-823(A)(4) requires Dominion to file the specific information as required by the Commission in its Application. Therefore, I move that the Commission find that Dominion's Application does not confirm with Regulation 103-823 which requires it to provide sufficient information, therefore, I move the Commission require Dominion to amend its Application and submit it as part of its amended Application by June 7th, 2021. That application shall include

the Company's proposals for its standard offer, avoided costs methodologies, form contract power purchase agreements, commitment to sell forms, and any and all other appropriate terms and conditions for which it seeks approval so as to prevent further prejudice to the parties and to the Commission. So Move.

PRESIDING: J. Williams

SESSION: Regular

TIME: 11:00 a.m.
